Gentlemen –

I wanted to give you a heads up that we will be allowing the Santa Maria CHP officers to have LIMITED access to our LPR system. Once we set up the account, they will have access to receive stolen vehicle alerts. They will not have the ability to search our database. If they want us to search for plates, per policy, they must email a request to a supervisor. Please let your sergeants know.

Thank you,

Dan

Dan Cohen, Division Commander
Santa Maria Police Department
